## FIRES IN LIAO YANG

Believed to Result From Japs' Shells or Efforts of Russia to Destroy Stores.

### THE BATTLE STILL IN PROGRESS.

Opinion Prevails in Tokio That Russian Casualties in Recent Fighting Will Reach 30,000.

It is Not Yet Definitely Stated That the Japanese Have Occupied Liao Yang — The Troops Are Jaded and Weary.

New York, Sept. 3.—The lack of definite information from the seat of war continues up to Saturday morning and nothing further regarding the situation at Liao Yang is known beyond the fact that Kuropatkin has withdrawn the main portion of his forces to the north of right bank of the Taitse river and that, according to the latest advices, the action is still in progress.

There is disinclination in St. Petersburg to believe that Liao Yang has been abandoned, and at the same time it is declared that the position Kuropatkin now occupies is the one he had prepared and fortified and where he has all along planned to make his second stand instead of directly in and around Liao Yang with the river at his back, as has been believed. It is thought by Russian experts that in attacking Kuropatkin's present defenses the Japanese are facing an almost impossible attack, especially with their forces divided by the river.

Advices reaching Tokio say that the Taitse is flooded and can not be forded, and therefore as pointed out in the press dispatches from St. Petersburg, "the river itself becomes an important factor in the general scheme of Russian defenses."

Dispatches from both Russian and Japanese sources indicate that the troops on both sides are jaded and weary after the many days' fighting, and it is pointed out that in consequence a temporary lull in the active struggle would not be surprising.

A dispatch received at Tokio says that great fires are raging at Liao Yang, believed to result from Japanese shelling or from the efforts of the Russians to destroy their stores preparatory to the evacuation of Liao Yang with the additional hope of injuring the city as a future Japanese base.

The opinion prevails in the Japanese capital that the Russian casualties in the recent fighting will reach 30,000, while the Russian losses of August 31 and September 1 are given in official reports as 5,000 killed or wounded.

The report from Marshal Oyama that he was engaged on Thursday with the Russian center would indicate that at least a portion of Kuropatkin's army was still on the south bank of the river.

It is not yet definitely stated that the Japanese have occupied Liao Yang.

London, Sept. 3.—English military critics neither share Tokio's jubilation over the fall of Liao Yang, nor lay stress on the advantage which Russian dispatches attribute to Gen. Kuropatkin's latest move. The best informed observers here, who have access to sources of information not revealed in the dispatches from Tokio and not given out at St. Petersburg, declare that the battle of Liao Yang, however dramatic and historic in loss of life and tragic incident, can have no serious bearing on the eventual issue, unless the Japanese have surrounded Kuropatkin.

The London daily newspapers in their headlines depict the conditions at Liao Yang as "Russian rout, defeat, or debacle." The editorials, in a more careful vein, point out that the latest dispatches leave the issue of the greatest battle of this generation still in doubt.

From the expert British point of view, Marquis Oyama's sacrifices will have been in vain unless he is able to cut off Kuropatkin from Mukden. On this point there are chaotic hypotheses.

### THERE WAS NO CEREMONY.

The Breakfast For the Wedding Guests Was Not Eaten.

Louisville, Ky., Sept. 3.—A wedding breakfast, which had been prepared at the home of Miss Amelia T. Schneider-Hahn, at 443 East Walnut street, was untouched, but the would-be bride and groom were on hand to greet those invited.

Miss Schneider-Hahn and J. A. Schuessler, an insurance man of this city, were to have been married at 6 o'clock at St. Boniface church, but Father Slavin, after an investigation, announced that according to the laws of the church the ceremony would not be performed, as Mr. Schuessler was a divorced man.

This announcement on the eve of the approaching marriage came as a shock to the couple. They did their best to notify all of the invited guests that the marriage had been postponed, but did not succeed entirely, and a number of persons, who went to the church came to the house for the wedding breakfast. They were under the opinion that the ceremony had been performed. Miss Schneider-Hahn informed them that the marriage was off—at least for a time. An attempt will be made to secure a dispensation.

### INCIDENTS OF A WEDDING.

Bride and Groom Thrown Into a Pond By a Runaway Team.

Louisville, Ky., Sept. 3.—A runaway, a crash down an embankment, a splash into a large pond, an hour passed on the roadside after a narrow escape from drowning were a few of the exciting incidents in the marriage of Fred Bossmeyer to Miss Anna Miers, which was solemnized in St. George's church.

The groom and his brother drove to the bride's home in the country and she got in their carriage. Near the intersection of 38th street and Gibson's lane the pole of the carriage broke. The heavy carriage came down upon the horses and the driver was unable to control the animals.

Down the hill they darted at breakneck speed. Suddenly the horses swerved and carried the carriage over an embankment and into a pond.

The driver waded ashore, and after a long search found a plank, on which the groom, the bride, the best man and the bridesmaid reached the bank. It was no easy matter, and they were ankle deep in the mud when they got out of the water.

### THE K. OF P. DEFICIT.

Louisville, Ky., Sept. 3.—An attachment suit was filed Friday against the committee which had charge of the recent biennial encampment of the Knights of Pythias, as a result of the deficit in the entertainment fund. It is by Thomas H. Rees, who seeks to secure \$766 for tents furnished the uniform rank and \$54 for extra equipment and decorations on Maj. Gen. Carnahan's tent. The discrepancy between the amount subscribed for the entertainment and its cost is \$9,200. Funds of the Citizens' national bank were attached Friday morning.

## NO DEPREDATIONS.

Five Thousand Regulars Roaming Through the Maneuvering Grounds in Virginia.

### LOSS OF TWO CHICKENS THUS FAR.

This Record is a Gratifying Surprise to Regular Army Officers and an Example For Militiamen.

Col. Wagner, Chief Umpire of the Maneuvers, Friday Gave Final Instructions to the Fifty Umpires Under Him.

Gainesville, Va., Sept. 3.—Five thousand regular army troops have been roaming a territory comprising 65,000 acres of Virginia farms for nearly two weeks, and the only depredation reported thus far has been the loss of two chickens. This record is a gratifying surprise even to the regular army officers, and is an example to the militiamen who are pouring into the two maneuver camps Saturday. When the farmers of the maneuver zone were approached by army officers with a proposition to lease their lands for the maneuvers they were given pledges that there would be no depredations. These promises have been fulfilled to the letter. Officers will be in the field during the maneuvers charged with the duty of interviewing farmers at once and agreeing if possible with them on the amount of damage done.

Col. Wagner, chief umpire of the maneuvers, Friday gave final instructions to the 50 umpires under him. This force is divided evenly between the two camps. Each camp has a division umpire; each brigade has an umpire who is in command of the umpire for each regiment in the brigade. The chief umpire for each division is placed in possession of the plans of the commander of the division commanders. The umpire has equal command of the troops over which he is presiding with their commanding officers. He can rule them out of action at any time he sees fit, and also can rule any number of men out. The chief umpire speaks with the authority of the corps commander on the field. The umpire has in a great degree to take the place of bullets and it is his duty to make an action between troops simulate as near as possible actual warfare. In all of the problems the umpires are never to allow troops to come to hand-to-hand engagements.

The reports of the umpires are made immediately at the conclusion of an action.

The detrainment of the militia, which is one of the lessons of the maneuvers, was begun early Saturday morning. Many tracks have been laid at each division camp by the management of the Southern railway.

### COL. JOHN M. CLEM.

He Was Reprimanded By Quartermaster Gen. Humphrey.

Washington, Sept. 3.—Col. John M. Clem, chief quartermaster of the Philippine division, has been reprimanded by Gen. Humphrey, quartermaster general, for his action in turning into the United States treasury the sum of \$423,000 as "unexpended balance" of the appropriations for the last fiscal year, when, as stated at the war department, the money was actually needed to meet necessary expenses for army transportation and other work of the quartermaster's department.

The money having been turned into the treasury is now beyond the control of the war department officials and will have to be reappropriated by congress to meet existing obligations.

### BIG FIRE IN MEMPHIS.

The Wholesale Grocery of the Oliver-Finnie Co. Destroyed.

Memphis, Tenn., Sept. 3.—Fire broke out in the six-story brick building occupied by the wholesale grocery firm of the Oliver-Finnie Co., at an early hour Saturday morning and entailed a loss roughly estimated at \$200,000. The chief of the fire department believes he can confine the flames to the one building. The Oliver-Finnie Co. is one of the largest wholesale grocery houses in the south.

Frank Ruffenbaugh, a fireman, fell from a ladder and was fatally injured. Six fire fighters were overcome by heat and smoke and were removed to hospitals.

## STRIKE PROBABLE.

The Elevated Railroad Employees, New York, Voted to Go Out if Necessary.

### THE VOTE WAS ALMOST A UNIT.

Amalgamated Association of Street and Electric Employees of America Will Stand by the Men.

Trouble Grew Out of a Decision to Pay Subway Motormen \$3 For Ten Hours Work Instead of \$3.50 For Nine Hours.

New York, Sept. 3.—President William L. Jencks, of the Brotherhood of Locomotive Engineers, Friday night announced that the elevated railroad employees of Manhattan and the Bronx, at their all-day meeting Friday, voted as a unit to strike if such action is deemed necessary. In the afternoon while the men were voting, E. P. Bryan, vice president and general manager of the Interborough Rapid Transit Co., which controls the elevated lines and the subway, and Frank Hedley, superintendent of the same company, held an hour's conference with Police Commissioner McAdoo and discussed the question of police arrangements in the event of a strike being called. After this conference Mr. Bryan gave out a signed statement in which he reviewed the trouble of the Interborough Co. with the elevated road employees growing out of the decision to pay motormen in the subway, when it opens, \$3 a day for 10 hours' work instead of \$3.50 for 9 hours, which motormen on the elevated road receive.

From 10 o'clock until 10 Friday night the members of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen voted on the question of a strike on the elevated with the result announced by President Jencks. An all-day meeting of the Amalgamated Association of Street and Electric Employees of America was also held and the members of that association voted to support the executive committee of the amalgamated if the committee should decide to stand by the agreement to support the engineers and firemen in the event of a strike.

A delegate from the Central Federated Union notified the members of the Amalgamated association Friday that no matter what their action might be as a result of present difficulties, the Central Federated Union would stand by the men.

It was also authoritatively stated that in all probability another conference between representatives of the men and officials of the Interborough Co. looking toward a peaceable solution of the questions at issue, will be held.

## **DEMOCRATS ORIGINATED RURAL FREE DELIVERY.**

During a campaign our Republican friends believe in claiming most everything that's good and creditable, whether there's any justice in their claim or not. Their campaign book recently issued claims for that party the honor of originating the rural free delivery of mail that has proved such a blessing to the farming communities. Chairman Cowherd of the Democratic Congressional Committee is out in a statement in which he shows the falsity of the Republican claim. He says there was no rural free delivery prior to 1892. Postmaster General Wanamaker had recommended its extension to smaller villages and cities, but had not recommended free delivery for the farming communities. The first suggestion of the kind was made by Congressman Livingston of Georgia who on June 22, 1892, offered an amendment to the Postoffice Appropriation bill providing that two hundred thousand dollars be appropriated for experimental rural free delivery outside the towns and villages. That amendment was ruled out of order and other similar amendments offered by Democrats met the same fate.

In 1893 Thomas E. Watson, then a Democratic member from Georgia, offered a similar amendment appropriating ten thousand dollars. This being a Democratic Congress, that amendment was adopted and the bill became a law. Under Postmaster General Wilson, a Democrat, the first eighty-four routes were established.

This was, therefore, the inception of rural free delivery to the farmers. It was originated by a Democrat, first appropriated by a Democratic Congress and instituted by a Democratic Executive. Like all reforms of that kind in the postal service, it began, of course, in a small way as an experimental service. The appropriations rapidly increased, received in the House always a practically unanimous Democratic vote, and several times the appropriations were increased upon the motion of a Democratic member. Having demonstrated its usefulness to the farming community, the service was, two years ago, placed upon a permanent footing.

Our country friends should never fail To buy or order through the mail "TEETHINA," for it surely fits The bill, for teething children's ills. "TEETHINA" aids digestion, regulates the bow-els of children of any age and makes teething easy, and costs only 25 cents at druggists.

## **THE AUTO-PIANO**

The Invention of the Age—Call at John I. Winter's Store and Examine This Marvel.

In appearance it is only a hand-some Mahogany Piano, such as you see in many fine homes, but with it, those who are fine per-formers, can produce a volume of harmony beyond the ordinary piano, while those who are un-able to play one single note of music by simply pressing a con-cealed button can play the most difficult composition of the old masters, as only a Paderewski can. Your friends will think that you have become a fine performer in a night. It is won-derful.

And Others Interested in Maintaining Good Prices Asked to Meet at Court-House Monday.

Representatives of the Burley Association Will Be Present—Money Ready to Finance the Crop.

Messrs. W. S. Osborne and T. L. Holton were in Maysville Friday and asked the BULLETIN to announce that a meeting of the tobacco growers of Mason County will be held at the court-house next Monday afternoon at 1:30 o'clock. All farmers, growers and others interested in maintaining living prices for the crop are urged to be present.

Messrs. Osborne and Holton stated that the Kentucky Tobacco Growers' Association has already arranged for the necessary funds to handle this year's burley crop and if the growers will enter the association they will be assured of good prices.

Last year the association had 75 per cent. of the burley crop pledged to it, but was unable at the last moment to secure funds to "finance" the business. This year the association already has the funds secured.

#### WISE WORDS TO SUFFERERS

From a Woman of Notre Dame, Ind.

I will mail, free of any charge, this Home Treatment with full instructions and history of my own case to any lady suffering with female trouble. You can cure yourself at home without the aid of any physician. It will cost you nothing to give the treatment a trial, and if you decide to continue it will only cost you about 13 cents a week. It will not interfere with your work or occupation. I have nothing to sell. Tell other sufferers of it—this is all I ask. It cures all, young or old.

If you feel a bearing-down sensation, sense of impending evil, pain in the back or bowels, creeping feeling up the spine, a desire to cry frequently, hot flashes, weariness, frequent desire to urinate, or if you have Leucorrhoea (Whites), Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Tumors or Growths, address Mrs. M. Summers, Box 120, Notre Dame, Ind., U. S. A., for the Free Treatment and Full Information. Thousands besides myself have cured themselves with it. I send it in plain wrappers.

TO MOTHERS OF DAUGHTERS I will explain a simple Home Treatment which speedily and effectively cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in young ladies. It will save you anxiety and expense and save your daughter the humiliation of explaining her troubles to others. Plumpness and health always result from its use.

Wherever you live I can refer you to well-known ladies of your own State or county who know and will gladly tell any sufferer that this Home Treatment really cures all diseased conditions of our delicate female organism, thoroughly strengthens relaxed muscles and ligaments which cause displacement, and makes women well. Write to-day, as this offer will not be made again.

"Your ten days' treatment gave me instant relief, and though I have suffered from displacement and painful, irregular menstruation for several months, I am confident your treatment will cure me."

MRS. HATTIE N. ROBINSON, Kuttawa, Ky.

"Physicians recommended an operation, but your Home Treatment quickly cured me of soreness and inflammation of the womb and ovaries."

TILLIE WILLIAMS, Camp Nelson, Ky.

"Your Home Treatment was a God-send to me. It brought away the tumor and removed the soreness and ulceration of the womb in a short time."
